CoreVision

myRetail ™:
for Retail Property

What is myRetail ™?

Whether you in-source, out-source or co-source your Facility Management and you operate a Centre, Outlets or a Portfolio – myRetail provides for:

- Enhanced service
- Reduced operational costs
- Reduced risk
- Control of service contractors

Benefits of myRetail ™?

myRetail is cost effective, painless to implement and cloud based. Core Vision has specialised in the Property Sector since 2001. Our solution, myBuildings is used in over 4,500 properties across Australia and tailored for the Retail Sector to provide a custom-fit myRetail solution.

- Increase transparency
- Reduce operational costs
  - Mitigate against risk
- Informed decisions
- Control and monitor
- Engage with your Occupiers or staff and help them engage with their customers

myRetail – Compliment your existing systems and decide what you need.

Tailor-made to your needs

Core Vision's state-of-the-art retail solution is based on a suite of myBuildings modules. myRetail assists Retail Centres, Retail Outlets or Portfolios of Retail Property in reducing operational costs and offers a variety of flexible and fully customisable modules.

The key features of myRetail include:

- Retail Web Site – if you already have a web site, we embed myRetail into that existing web site or if not then we will apply any design you provide to a web site
  - Content Management System (CMS) including Email Broadcast
  - Store directory
  - Location and store or centre information
  - VIP news letter
- Work Request Management
  - Ad-hoc requests
  - Preventative (incl. compliance)
  - Mobile interface
- Asset Management
  - Integrated asset registers for maintenance schedules
- Incident Management
  - Attach statements and or photos
  - Escalation and recipient management
  - Alerts
- Supplier and Service Contractor Management
  - Check-in status and site attendance mobile App
  - Monitoring of job completion (%)
  - Risk management
- Safety, Security and OH&S
  - Warnings
  - Site access protocols
  - Store open/close checklists
  - Alerts and reminders
- Shopper and Staff Engagement
  - Communication manager
